

UBISOFT® SURGICALLY ENHANCES VIDEO GAME PORTFOLIO, ADDING HIT TV SERIES "GREY'S ANATOMY"

Paris, FRANCE – January 7, 2009 – Today Ubisoft announced that it has signed a licensing agreement with ABC Studios to develop a video game based on the acclaimed television drama series "Grey's Anatomy." Designed for the Wii™, the Nintendo DS™ and PC Grey's Anatomy is scheduled for release early 2009.

"Ubisoft is thrilled to be collaborating with ABC Studios to turn this phenomenal television series into an interactive and promising experience," said Christian Salomon, vice president of worldwide licensing at Ubisoft. *"In Grey's Anatomy, fans will have a chance to take on the roles of all of their favorite doctors in an all-new original storyline. As each doctor, players will make important personal and professional decisions, explore the direct relationships with each other, and perform the delicate surgeries the series is known for, all through fun and engaging gameplay."*

About Grey's Anatomy

The doctors of Seattle Grace Hospital deal with life-or-death consequences on a daily basis – it's in one another that they find comfort, friendship and, at times, more than friendship. Together they're discovering that neither medicine nor relationships can be defined in black and white. Real life only comes in shades of grey.

The hit series "Grey's Anatomy" stars Ellen Pompeo as Meredith Grey, Patrick Dempsey as Derek Shepherd, Sandra Oh as Cristina Yang, Katherine Heigl as Isabel "Izzie" Stevens, Justin Chambers as Alex Karev, T.R. Knight as George O'Malley, Chandra Wilson as Miranda Bailey, James Pickens, Jr. as Richard Webber, Sara Ramirez as Callie Torres, Eric Dane as Mark Sloan, Chyler Leigh as Lexie Grey and Brooke Smith as Erica Hahn.

"Grey's Anatomy" was created and is executive produced by Shonda Rhimes ("Introducing Dorothy Dandridge"). Betsy Beers ("Casanova"), Mark Gordon ("Saving Private Ryan"), Krista Vernoff ("Law & Order"), Rob Corn ("Chicago Hope"), Mark Wilding ("Jake: 2.0") and Allan Heinberg ("The O.C.") are executive producers. "Grey's Anatomy" is an ABC Studios production.
